I understand you'd like to cancel your order and subscription. I've checked your order #1408919 and it appears that it has already been fulfilled and shipped. Good evening,

I recently tried Jones Road but I am allergic. I was about to process the return (I might be too late) but my husband threw the box and receipt away. Can you assist? I don't have anything with the order number.

I also am happy to report that I can wear your mascara so I'm very happy about that.

Dear *****,

I'm really sorry to hear that you had an allergic reaction to one of our products. Your health and satisfaction are our top priorities.

Regarding your return, even without the physical receipt, we can still assist you. You can process your return by visiting our returns portal at <https://returns.jonesroadbeauty.com>. You will need to enter your order number and shipping zip code. Since you mentioned that you don't have your order number, I can help you with that. Your last order ID is #1705159. Please use this number when processing your return.

I'm glad to hear that you're happy with our mascara! We strive to create products that cater to a variety of skin types and preferences.

Please let me know if you have any other questions.
